

**THE ONLY GOOD QUALITY
METRIC IS MORALE**

HI I'M JENNY!

- ▶ Test Lead at Willowtree
 - ▶ Yes, we're hiring!
- ▶ Human interfacing is my favorite thing
- ▶ Testing is also my favorite thing
- ▶ Two cats—Dante and Dax
 - ▶ Ask me for a sticker later!
 - ▶ Yes, they're also my favorite things
- ▶ My pronouns are she/her

IT'S STORY TIME!

Me, probably

SERIOUSLY

**THIS QUESTION HAS PLAGUED
ME FOR MY ENTIRE CAREER**

@jennydoesthings

SO, LET'S TALK ABOUT IT

- ▶ Less effective metrics
- ▶ What do you actually want to measure?
- ▶ The case for morale as a metric
- ▶ Measuring morale

BABY DON'T HURT ME
DON'T HURT ME NO MORE

**LESS EFFECTIVE
METRICS**

@jennydoesthings

ASK YOURSELF THIS:

WHO DO YOUR METRICS HURT?

ASK YOURSELF THIS:

**WHAT IS THE CONTEXT FOR
YOUR METRICS?**

LESS EFFECTIVE METRICS – WHAT ARE THEY

- ▶ Test cases executed
- ▶ Bugs found
- ▶ Bugs resolved
- ▶ Deferred defects
- ▶ X of Y completed

THE SHORT STORY IS...

**ANYTHING THAT IS A STRICT
COUNT CAN BE LESS EFFECTIVE**

@jennydoesthings

LESS EFFECTIVE METRICS – WHY ARE THEY LESS EFFECTIVE

- ▶ Very game-able
- ▶ Encourages dishonest reporting
- ▶ Pit parts of your team against each other
- ▶ Enhances toxic patterns in teams
- ▶ Most of them measure the process not the product
- ▶ They are inaccurate...depending on what you want to measure

LESS EFFECTIVE METRICS – WHAT DRAWS US TO THEM

- ▶ Easy to count
- ▶ Easy to measure
- ▶ Easy to compare
- ▶ Easy to explain
- ▶ Graphs!! Everyone loves graphs!!

IN THE END...

**WE ARE CONDITIONED TO ACCEPT THESE AS
VALID MEASURES OF OUR EFFECTIVENESS**

LESS EFFECTIVE METRICS – CAVEAT

- ▶ This assumes you're primarily wanting to measure the product and the people
- ▶ If you are looking to measure your process and the flow of defects, these metrics may be exactly what you need
- ▶ So...

YOU MEAN I HAVE TO
CHOOSE??

**WHAT DO YOU WANT
TO MEASURE?**

@jennydoesthings

WHAT DO YOU WANT TO MEASURE

- ▶ Numbers?
- ▶ Work done?
- ▶ Quality of...?
- ▶ Satisfaction?
- ▶ Compliance
- ▶ Performance
- ▶ Your process?
- ▶ Just want some pretty graphs

WHAT DO YOU WANT TO MEASURE

- ▶ Take time to think about what matters to you
- ▶ What supports that?
- ▶ How can you quantify it?
- ▶ Metrics are hard

REMEMBER:

METRICS ARE HARD

@jennydoesthings

REMEMBER:

YOU GET WHAT YOU MEASURE

NOT MORELS
OR MORALS

**THE CASE FOR
MORALE**

@jennydoesthings

THE CASE FOR MORALE – WHAT IS IT

- ▶ Psychological safety
- ▶ Emotional health
- ▶ Contentedness
- ▶ Delight
- ▶ Pride
- ▶ Core Values

THE CASE FOR MORALE – CORE VALUES

- ▶ Core Values are a set of values that govern a team or company
- ▶ Some companies have these codified
 - ▶ Sometimes they actually follow them
 - ▶ Sometimes they don't
- ▶ Each team should have values they adhere to

THE CASE FOR MORALE - WHY

- ▶ Not as easy to game without straight up lying
- ▶ One person is not singled out
- ▶ Describes the health of the team
- ▶ Happy, safe teams makes better products
- ▶ Retention is much higher on high morale teams

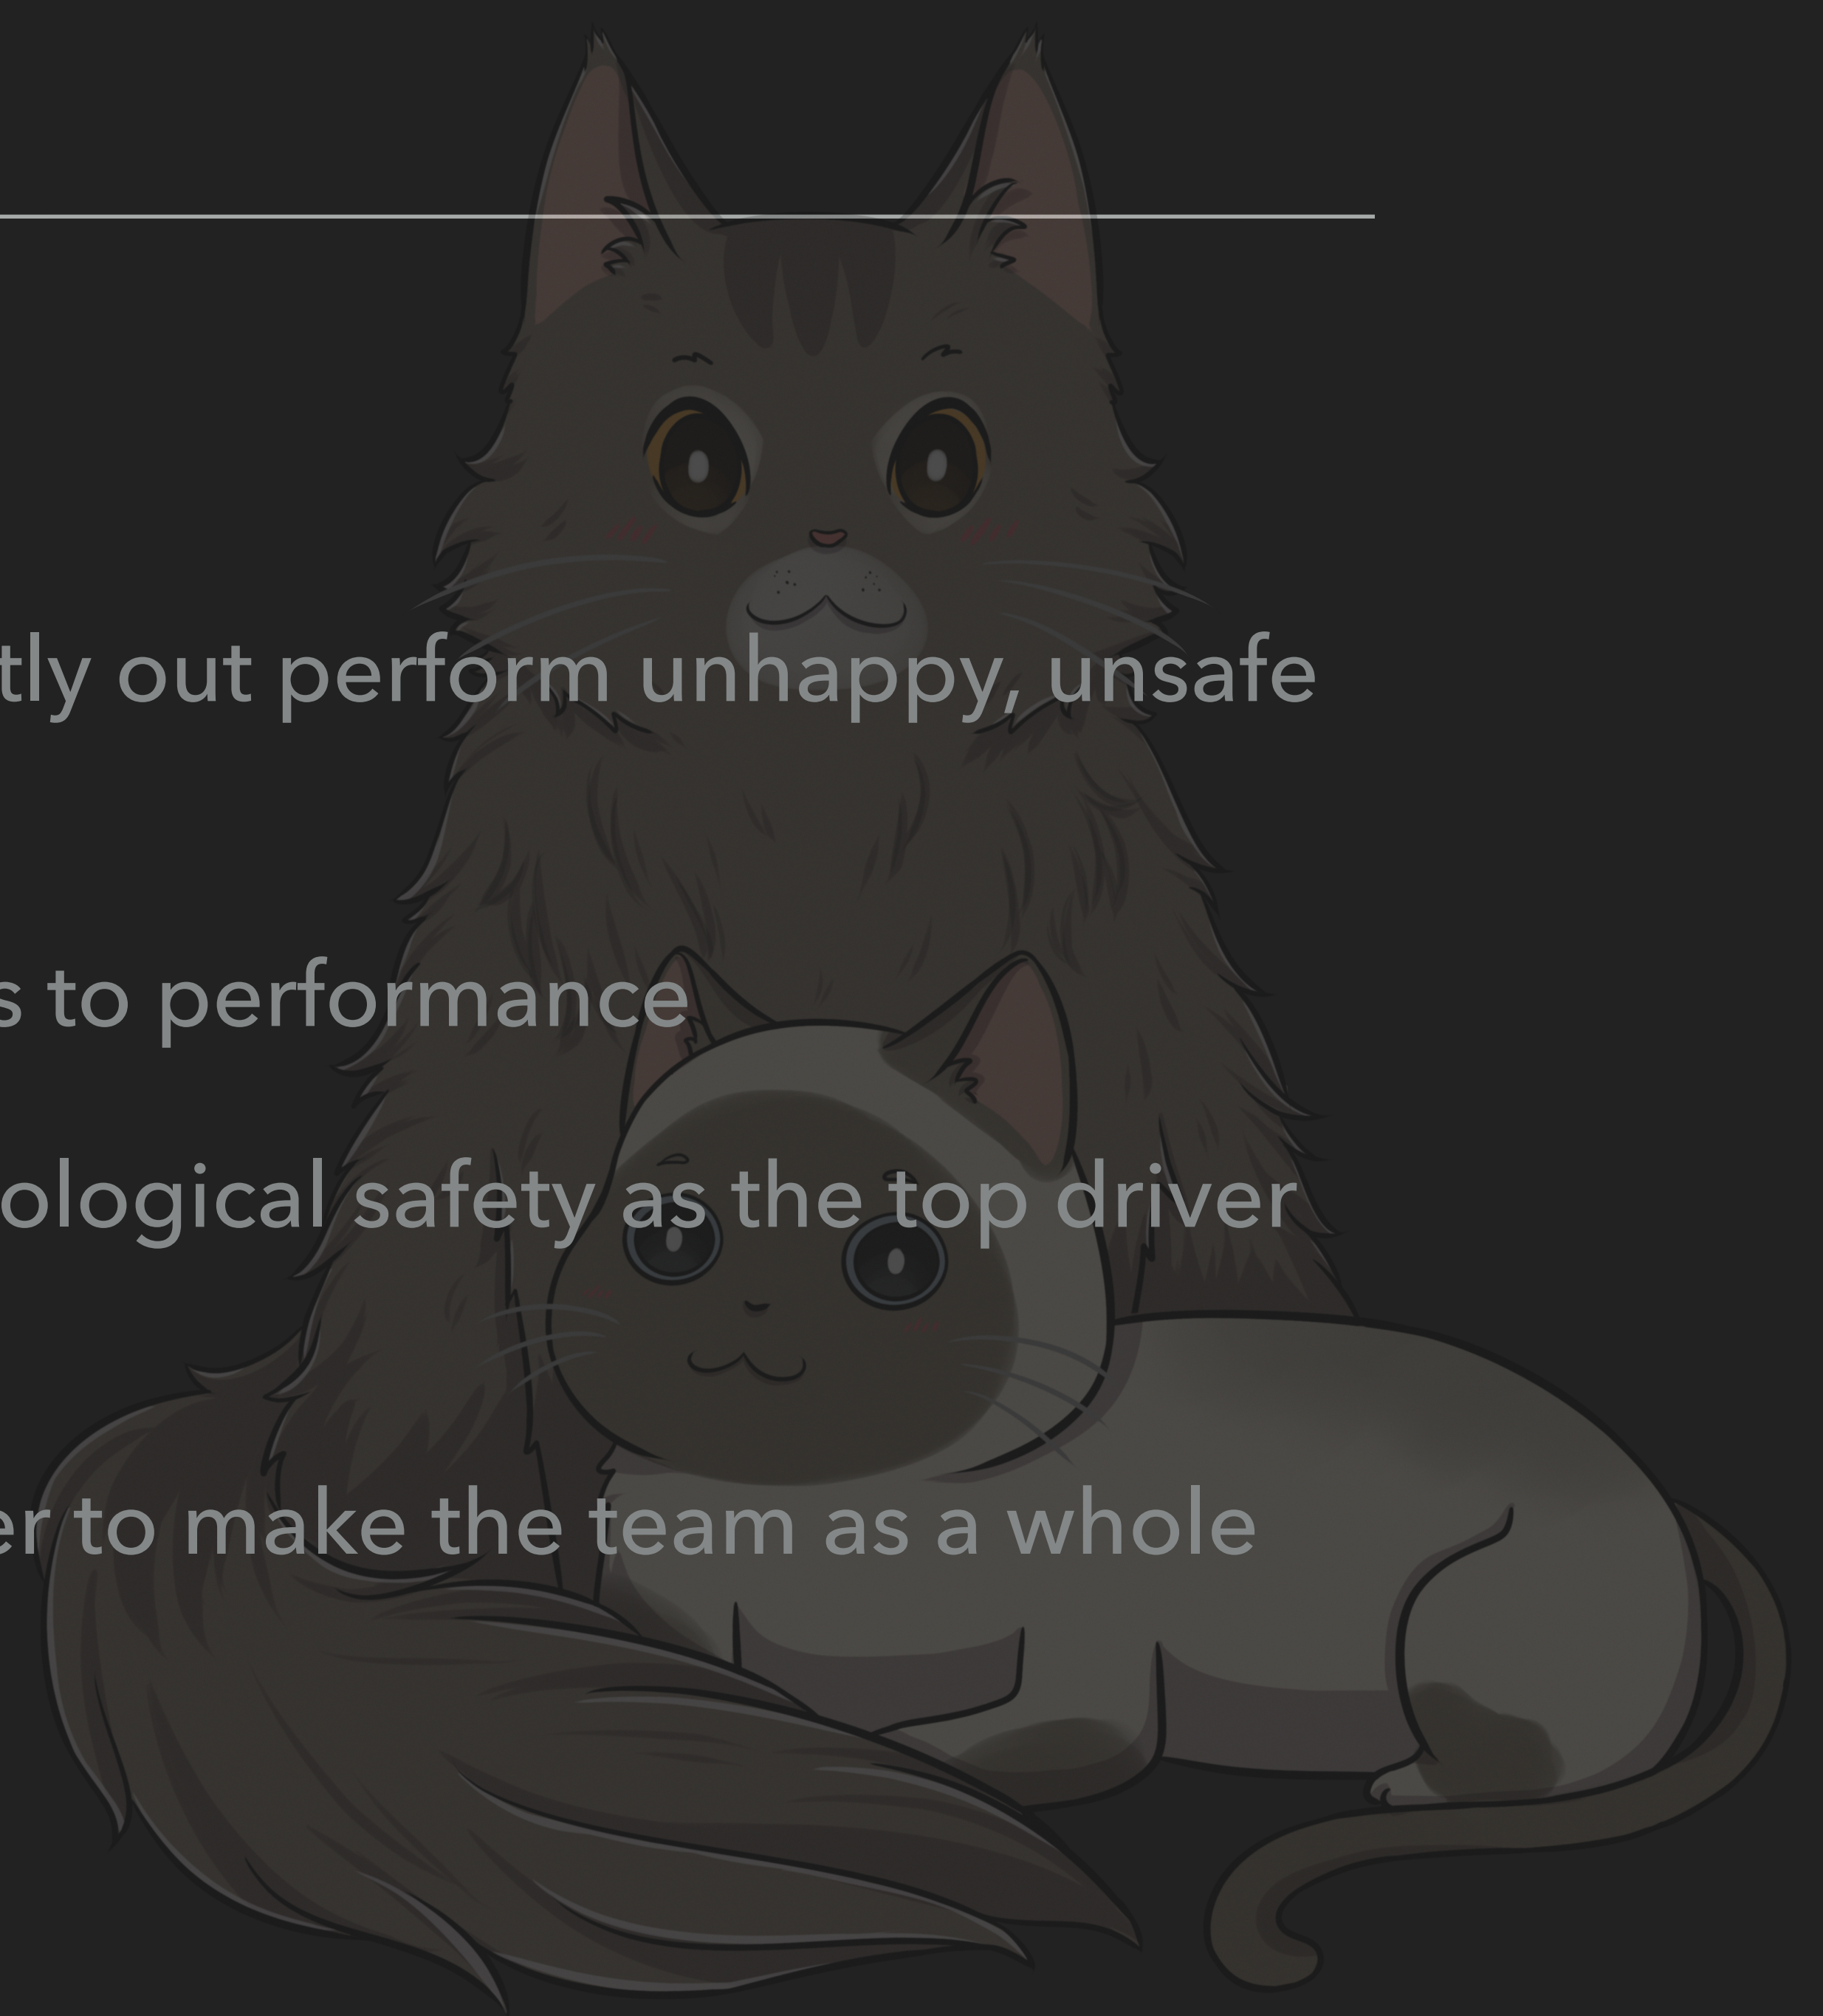

MOST OF ALL

**MORALE SUPPORTS ALL YOUR
MAJOR GOALS**

@jennydoesthings

THE CASE FOR MORALE - WHY

- ▶ Happy, safe teams consistently out perform unhappy, unsafe teams.
- ▶ Health of the team correlates to performance
 - ▶ Google study shows psychological safety as the top driver of performance
- ▶ Safe teams will work together to make the team as a whole better

WAIT, DIDN'T WE JUST
DO THIS?

LET'S TALK MEASUREMENTS

@jennydoesthings

ASK YOURSELF THIS:

**HOW DO YOU MEASURE
FEELINGS?**

ASK YOURSELF THIS:

**HOW DO YOU PUT THEM INTO
CONTEXT?**

THE CASE FOR MORALE – CONTEXT

- ▶ Pay attention
- ▶ One-on-ones
- ▶ That One Person
- ▶ Company wide initiatives
- ▶ Glassdoor

TASK:

CURATE SAFE SPACES

@jennydoesthings

TASK:

FORM A SURVEY

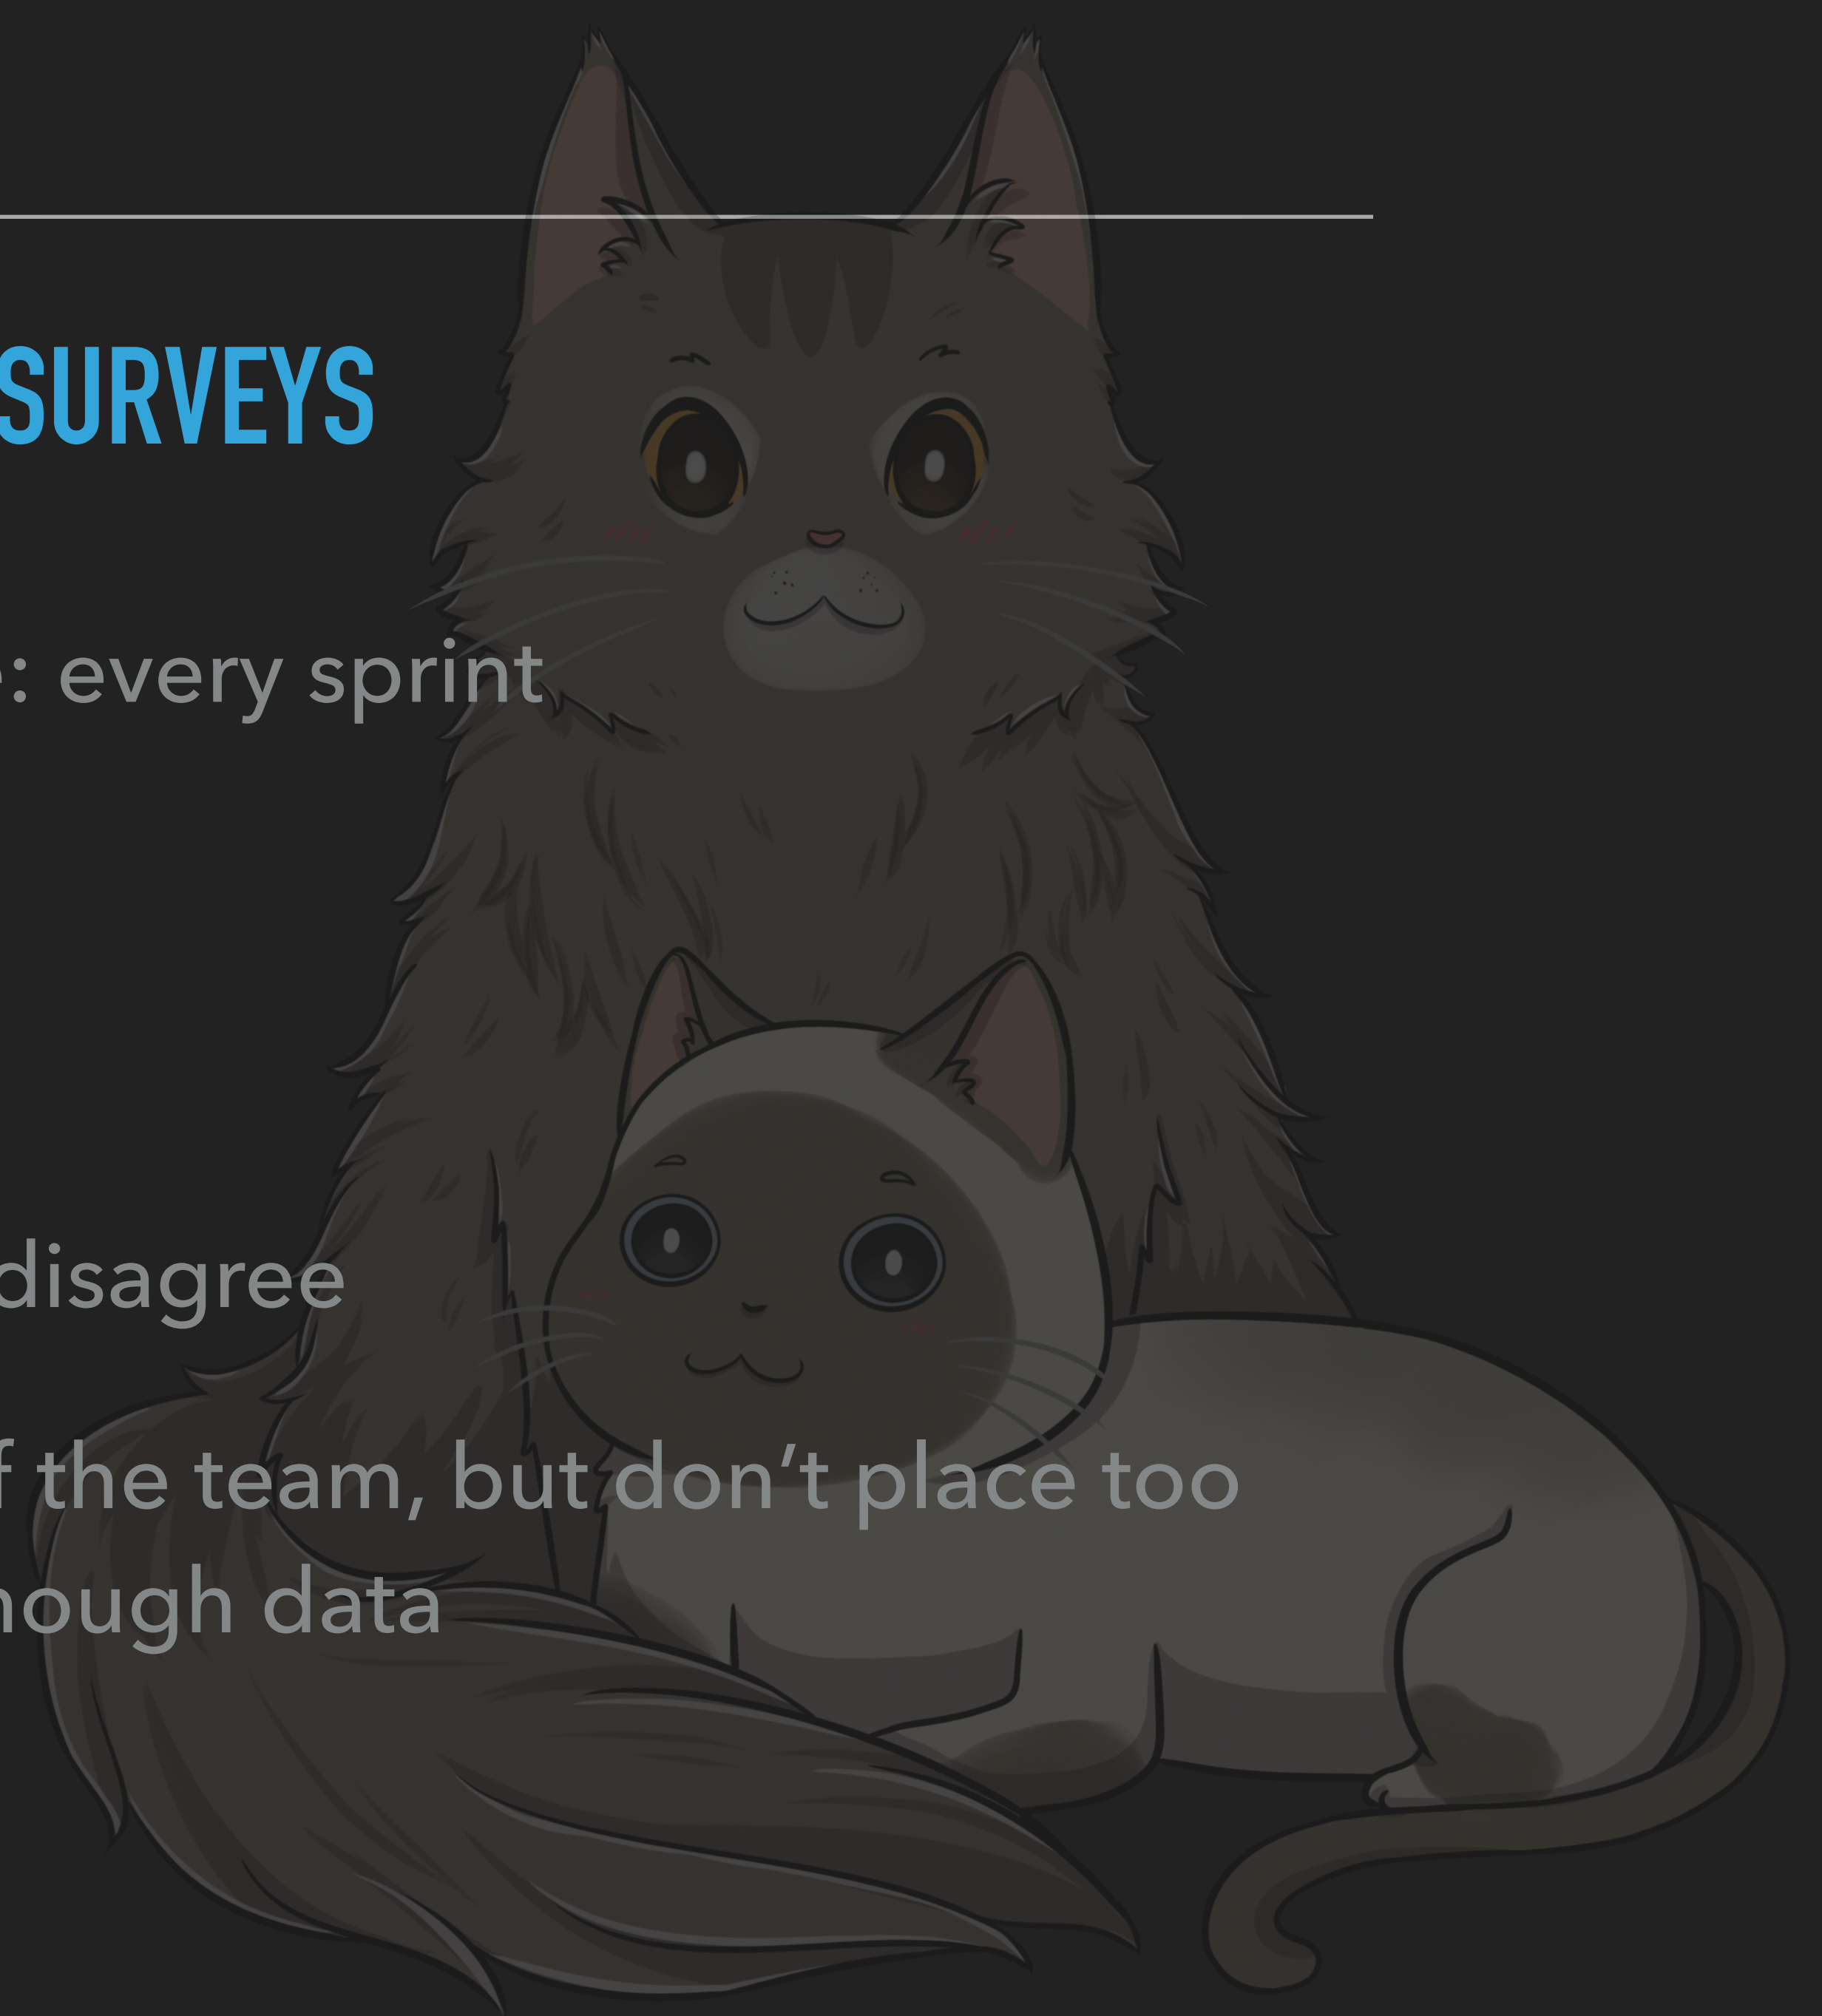

LET'S TALK MEASUREMENTS – SURVEYS

- ▶ Your team needs to be psychologically safe to participate
- ▶ You need a team of large enough size to be anonymous
 - ▶ Or agree with the team that it is okay if it's clear who is answering
- ▶ Surveys need to be done regularly
- ▶ Actions must be taken on the results
- ▶ Do not focus on individuals, focus on the team

LET'S TALK MEASUREMENTS – SURVEYS

- ▶ Run the surveys regularly - ie: every sprint
- ▶ Score questions consistently
 - ▶ 1-5, 1-7
 - ▶ Strongly agree to strongly disagree
- ▶ Keep an eye on the trends of the team, but don't place too much stock until you have enough data

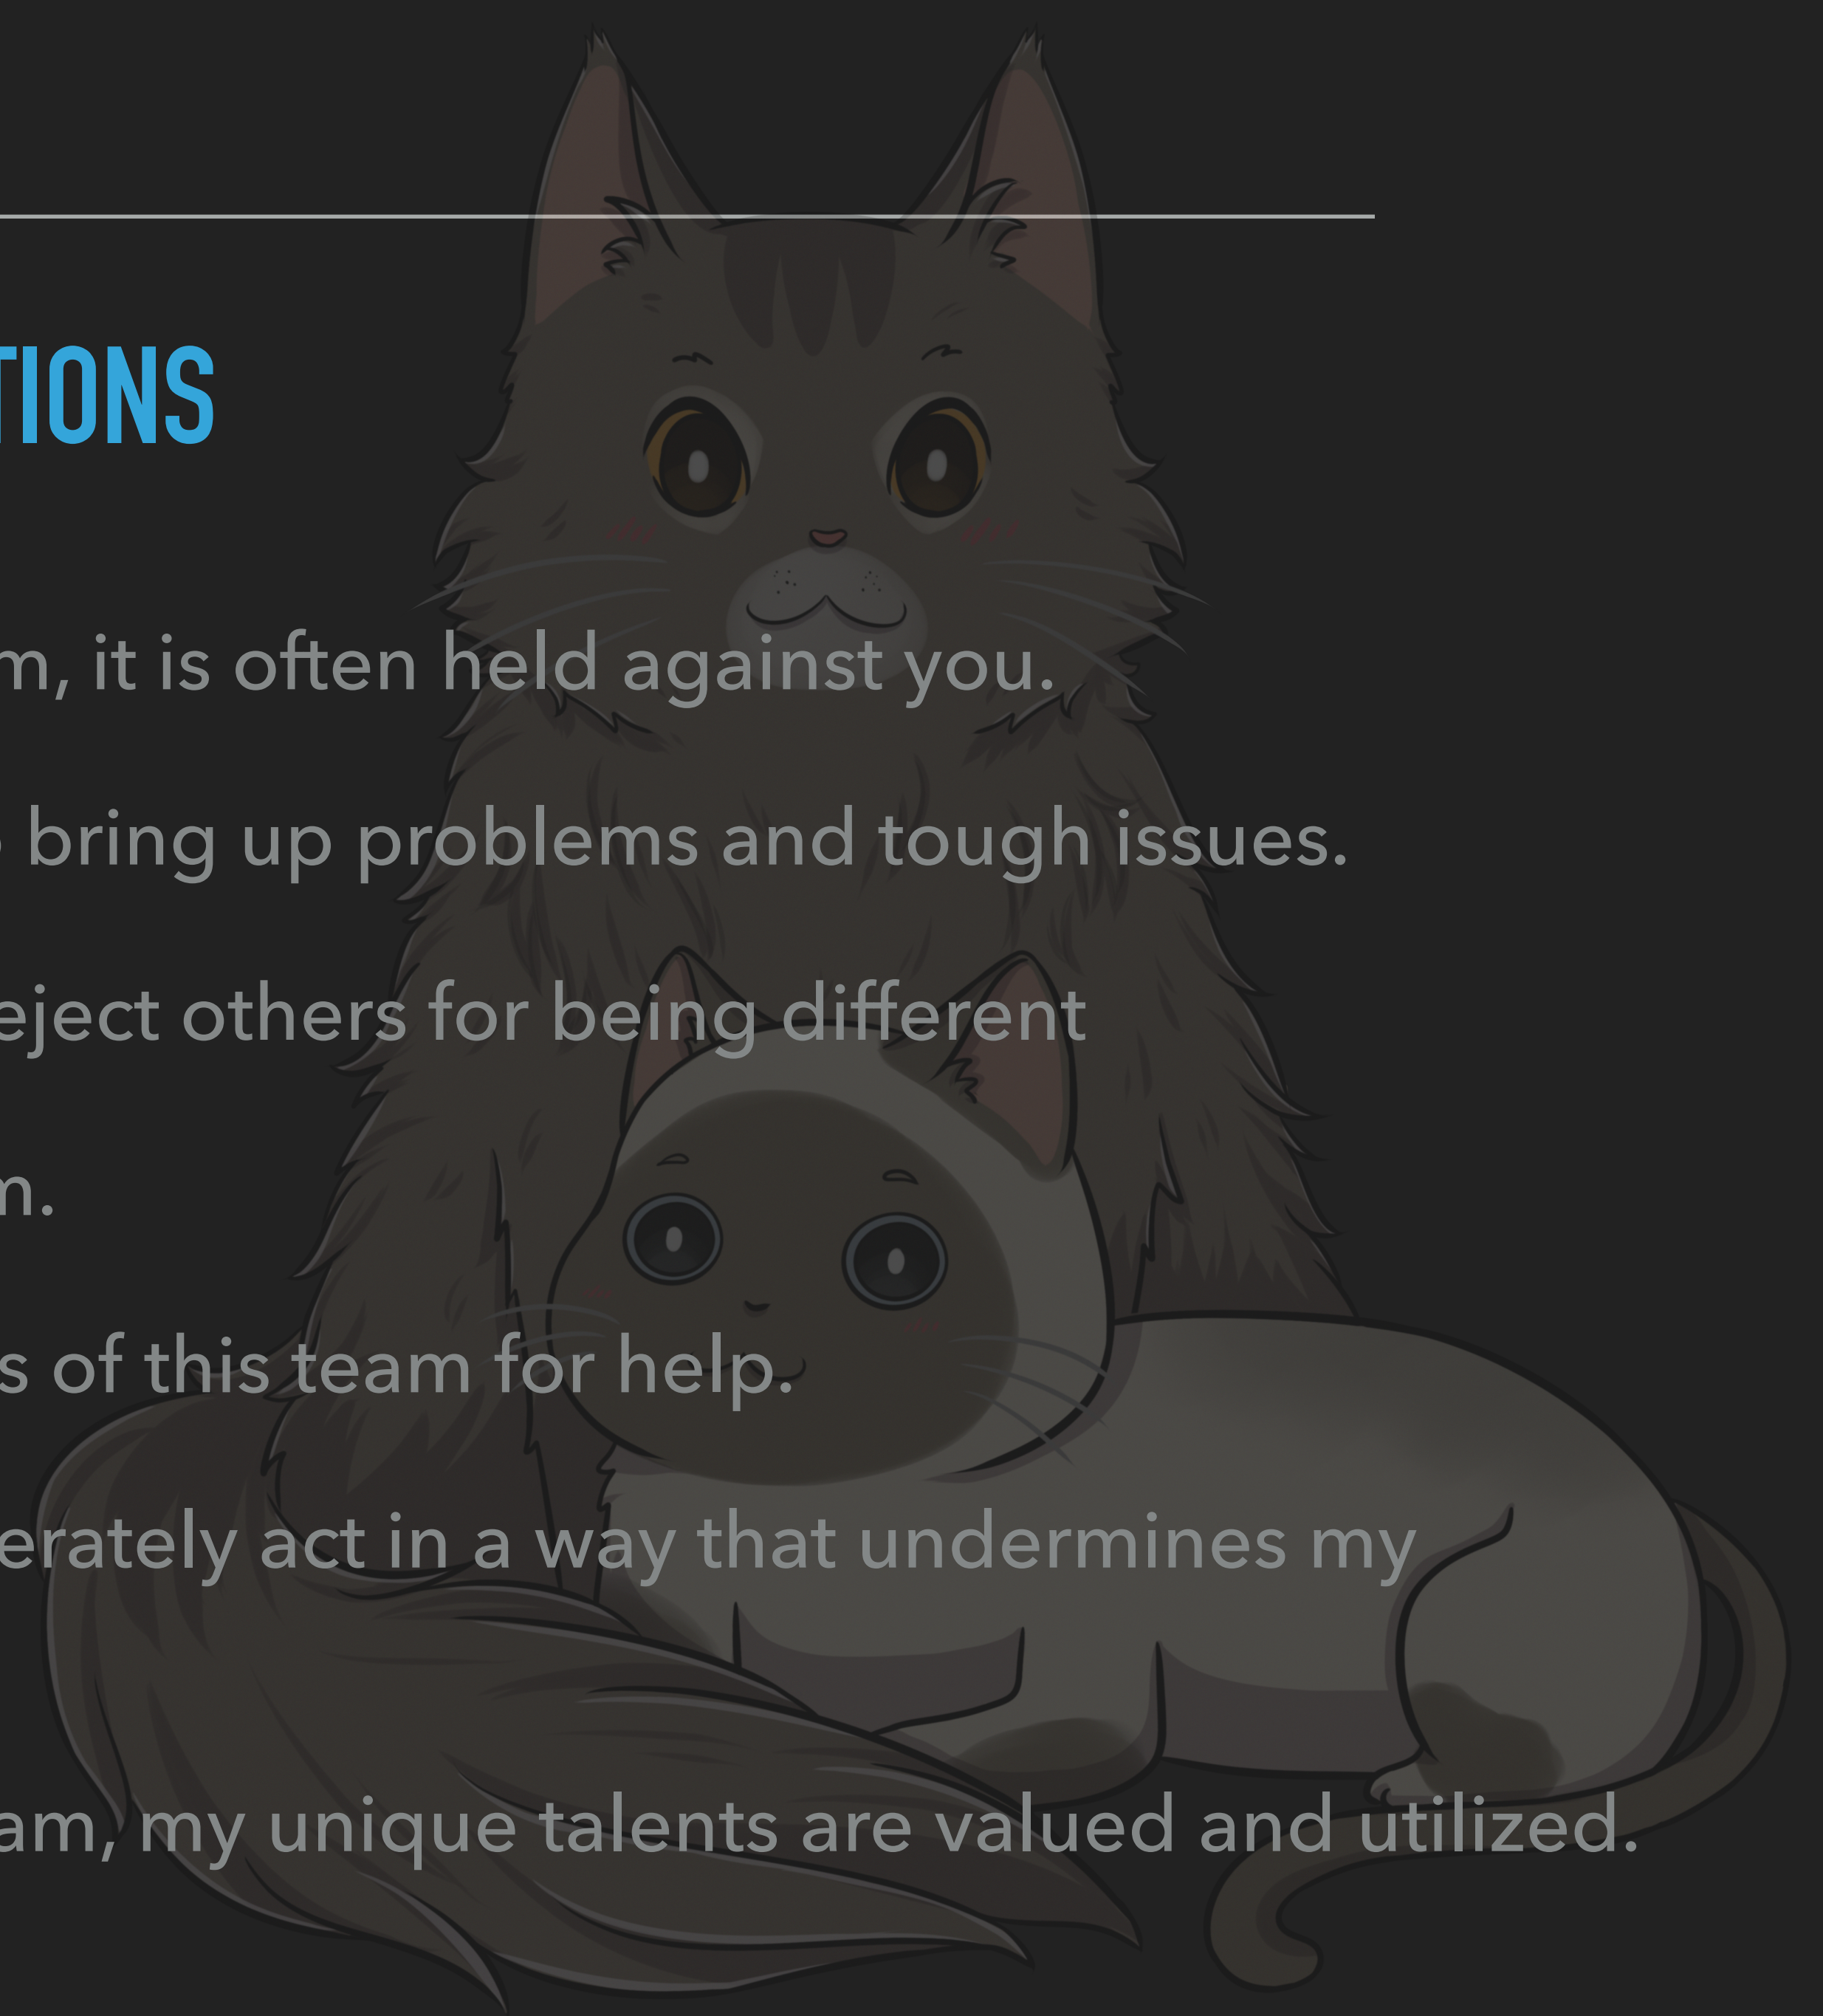

OKAY, SO...

WHAT DO YOU ASK?

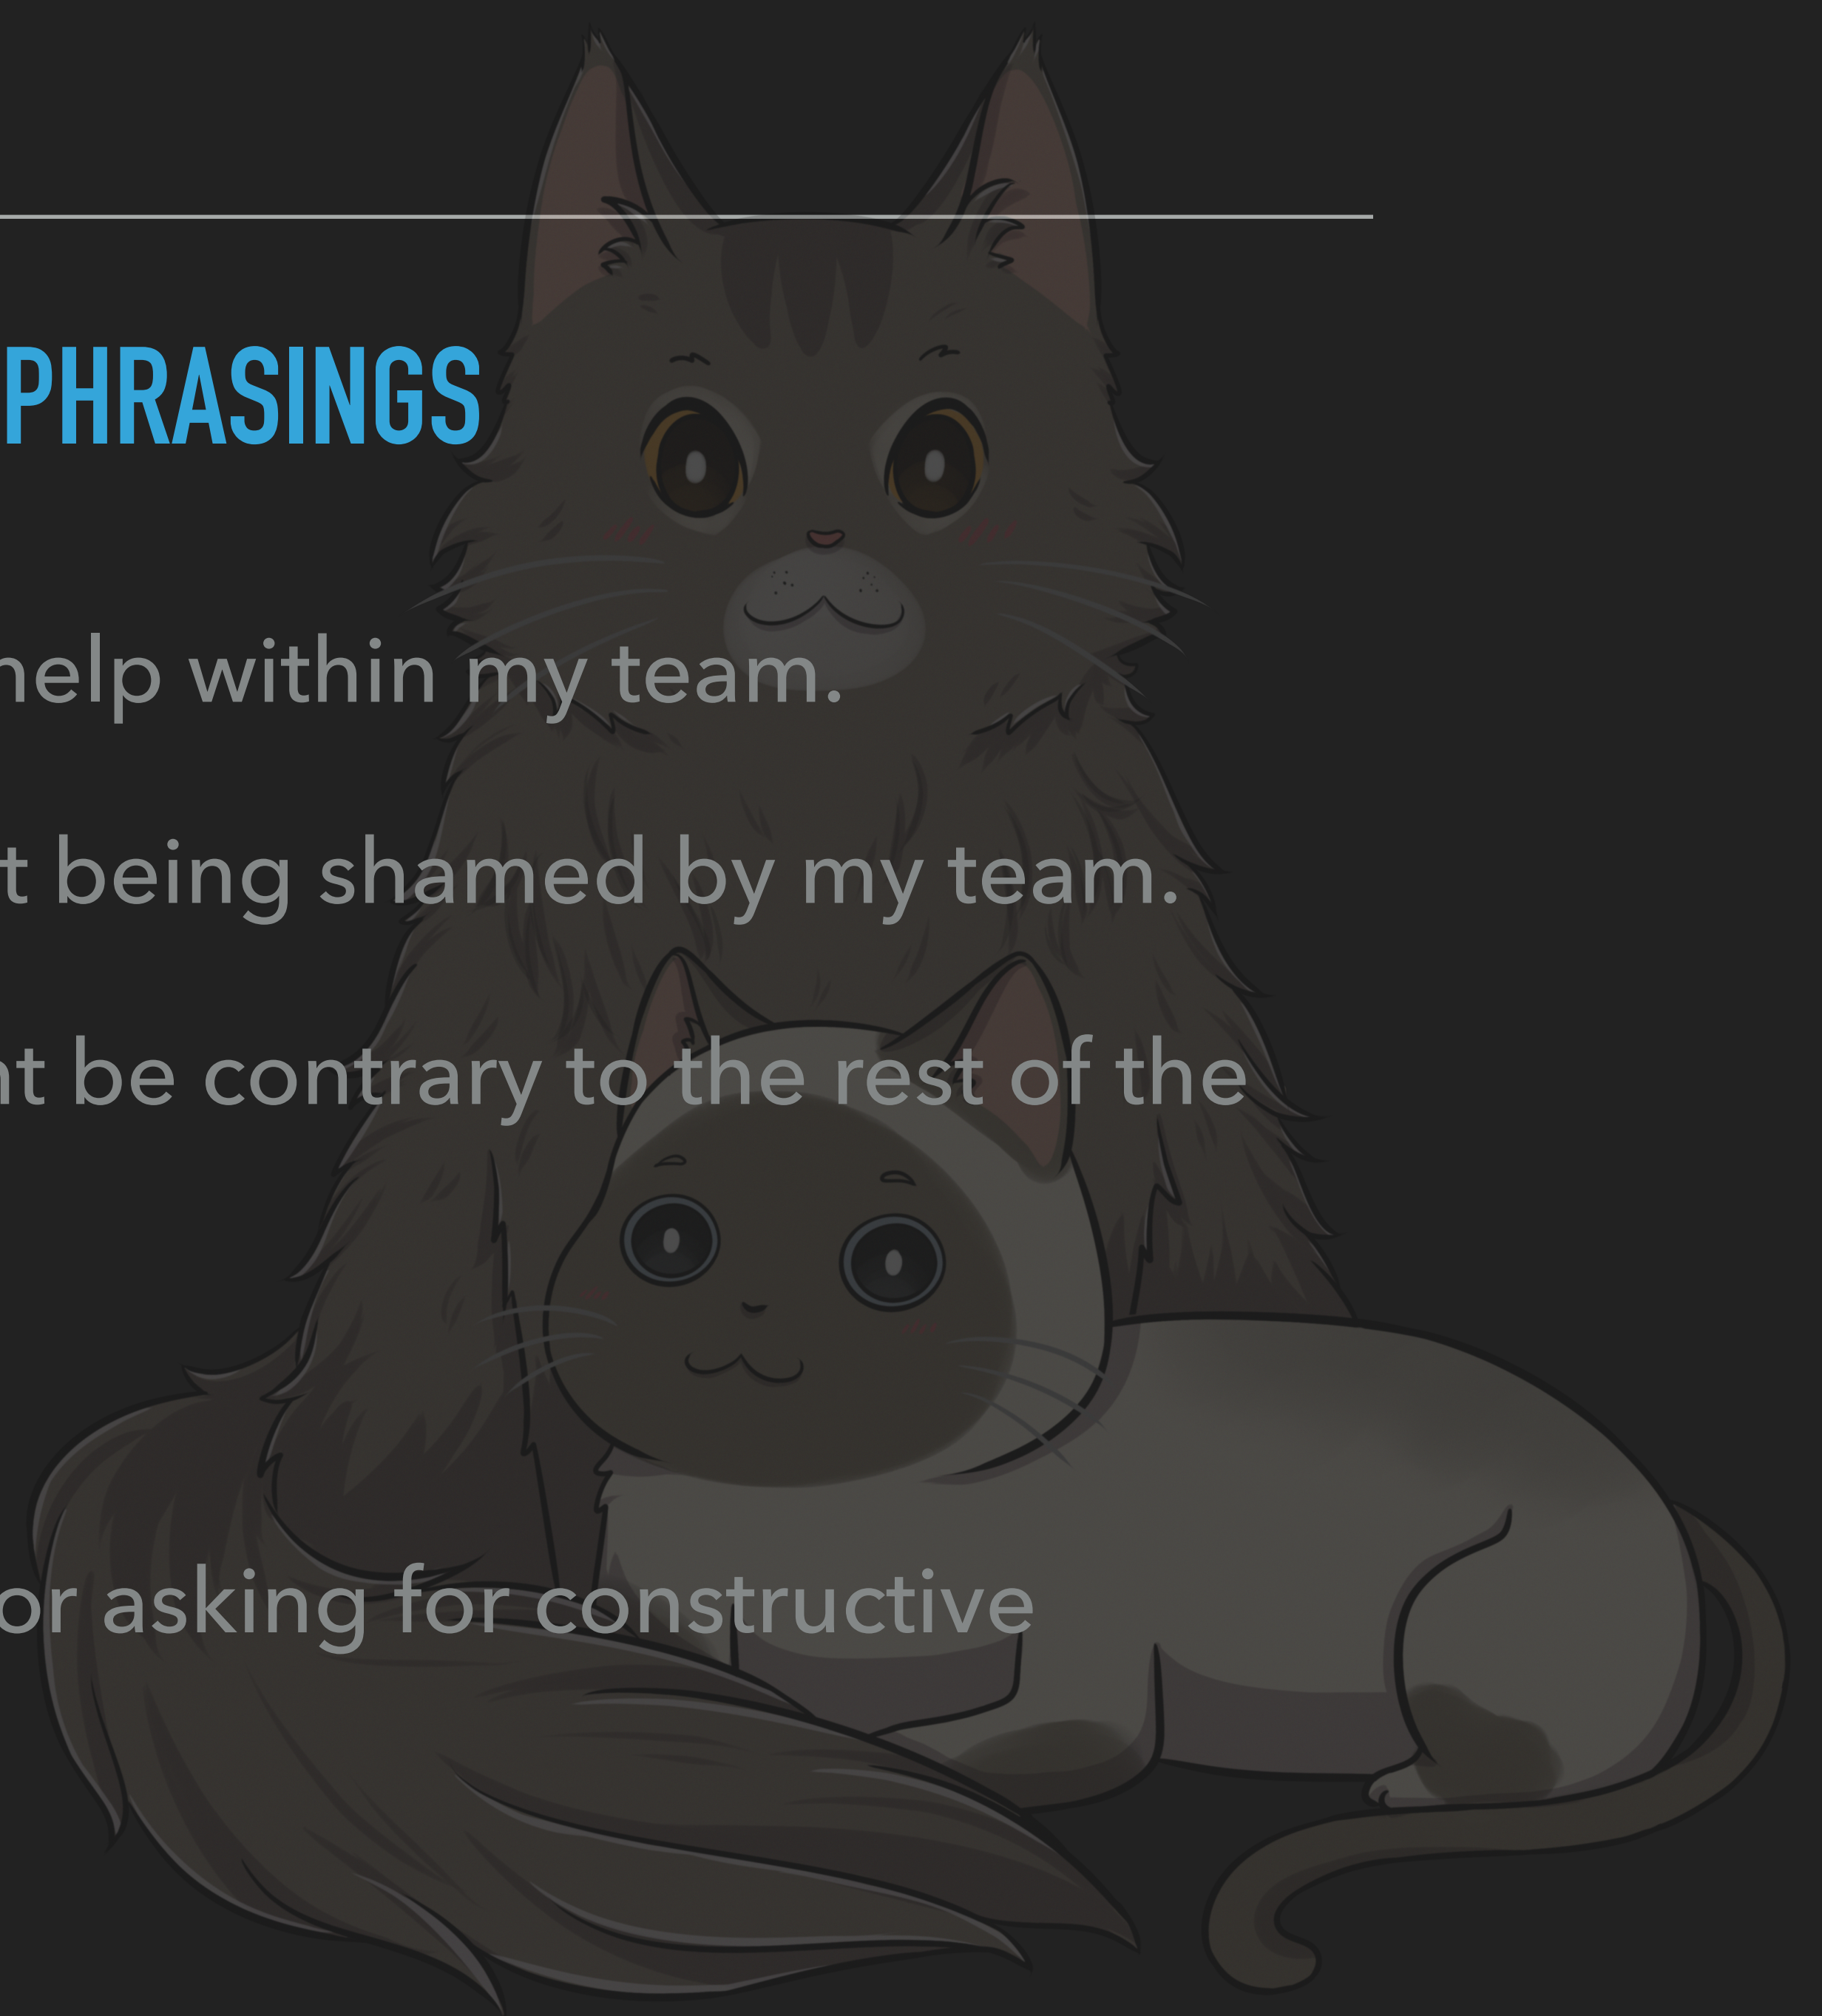

SURVEYS – THE GOOGLE QUESTIONS

- ▶ If you make a mistake on this team, it is often held against you.
- ▶ Members of this team are able to bring up problems and tough issues.
- ▶ People on this team sometimes reject others for being different
- ▶ It is safe to take a risk on this team.
- ▶ It is difficult to ask other members of this team for help.
- ▶ No one on this team would deliberately act in a way that undermines my efforts.
- ▶ Working with members of this team, my unique talents are valued and utilized.

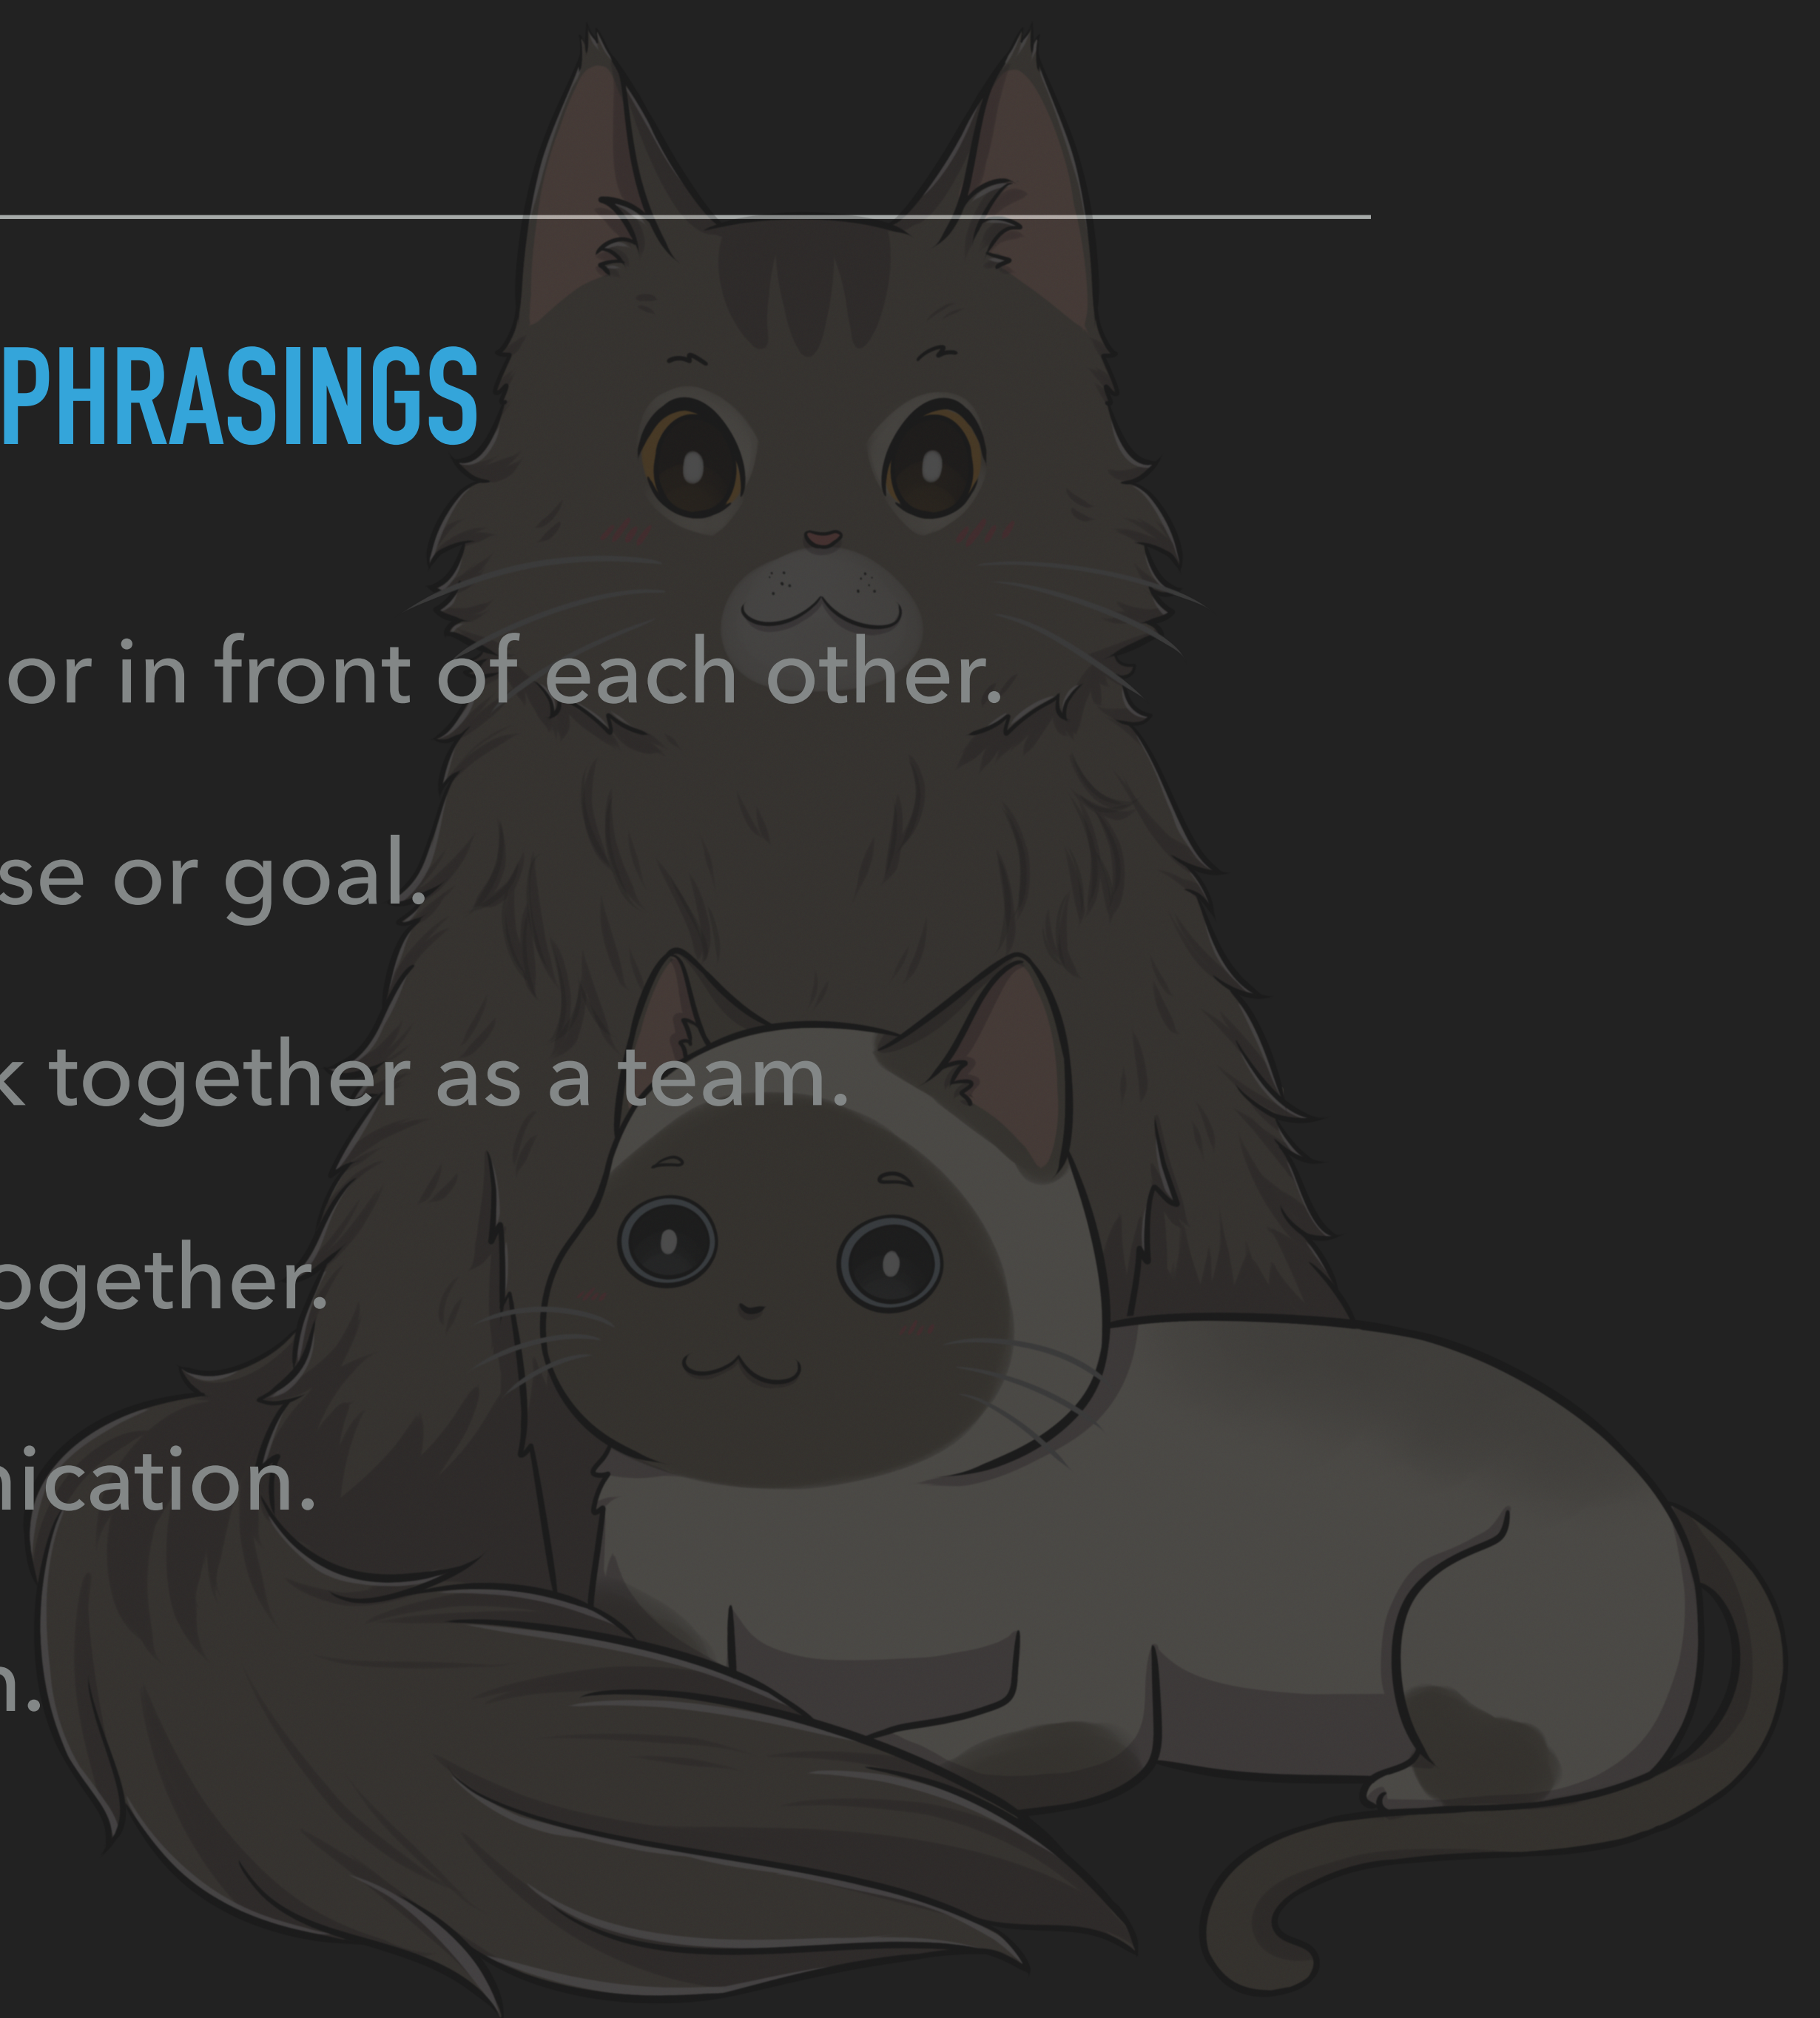

SURVEYS – OTHER QUESTIONS/PHRASINGS

- ▶ I am comfortable asking for help within my team.
- ▶ I feel I can fail openly without being shamed by my team.
- ▶ I can express ideas that might be contrary to the rest of the team.
- ▶ I like my team.
- ▶ I am not comfortable giving or asking for constructive feedback with my team

SURVEYS – OTHER QUESTIONS/PHRASINGS

- ▶ We can brainstorm together or in front of each other.
- ▶ My team has a shared purpose or goal.
- ▶ We understand how we work together as a team.
- ▶ The team collaborates well together.
- ▶ My team has strong communication.
- ▶ No one is left out of the team.

SO HOW DOES THAT

RELATE TO QUALITY?

DERP
